

MEDfx Internet Demo

You're busy and finding the time required to research a practice management solution can be a problem. Just getting a detailed demo of the software may require travel, fees, and/or shutting down the office for an extended period. The MEDfx Internet Demo was designed with those problems in mind.

It's easy for you to participate—all it takes is a high-speed Internet connection, a Windows PC, a phone and about an hour of your time. To top it all off - it's free!

MEDfx Internet Demos are scheduled at various times on various days of the week so it's easy to find a date that's convenient for the whole staff to participate at once. This is an easy way to review MEDfx as it is designed to provide a complete yet concise overview of MEDfx.

It's Informative

The MEDfx Internet Demo is an hour-long, web-based session that includes an overview of features and functions, real world examples, Q&A and more. Session Content Includes:

- Overview of Major Screens and Menu's
- Introduction to Basic Product Features & Functions
- Overview of Integration
- Practical Examples & Scenarios of Daily Usage
- Q&A
