

SpringCharts TemplateWare™ For Chiropractic

SpringCharts TemplateWare for Chiropractors is a powerful complement to SpringCharts that saves time and facilitates more complete patient documentation with a minimum of effort. Developed in partnership with experienced Chiropractors, Pain Medicine Physicians and Physical Therapists, SpringCharts TemplateWare for Chiropractic is comprehensive, flexible and easy to use.

Chiropractic TemplateWare Components

- ◆ **Templates:** Pre-built templates of common office visits, orders and letters.
- ◆ **PopUp Mini-Templates:** Key words, phrases and sentences accessible via context-specific PopUp windows.
- ◆ **Template Editor:** Create and edit your own templates.
- ◆ **Office Visit Copy to Template:** Create templates as you chart by saving an office visit as a template for future re-use.
